SERVICES SPORTS CONTROL BOARD

History

This organisation was first started as the Army Sports Control Board (ASCB) in March 1919 on the same lines as the ASCB in U.K. The Commandant, Army School of Physical Training was appointed Honorary Secretary of the Board. Later the sports organisations of the three Services were amalgamated on 3rd April 1945 with the approval of the then Commander-in-Chief (C-in-C) and the Services Sports Control Board, SSCB was formed. Each Service was represented in this Board and constituted as following: -

President The Director of Military Training, Army Headquarters.

Secretary An officer holding the appointment of GSO-2 in the Military Training Directorate, Army Headquarters

Members An officer each from three Services (Army, Navy and Air Force).

- In the year 1947, the Chief of Staff Committee approved the reconstitution of Services Sports Control Board with an Inter-Services character. The three Services would now run the Services Sports Control Board in rotation for a tenure of three years. The tenure involved the change of President and Secretary. The three Joint Secretaries, one from each Service are generally for a tenure of four years.
- Elite players selected from the three services represent SSCB as '**SERVICES**' team in various National championships/games.

SSCB since inception (1919) has given many legendary players to the country. Maj Dhyanchand, the Hockey wizard of India, and the 'Flying Sikh, Milkha Singh were from the 'Services'. SSCB is also the founder member of Indian Olympic Association and has a major role to play in its rise to the current state. SSCB is also member of 34 various National Sports Federations, member of BCCI and CISM (International Military Sports Council).

SSCB is the tri-services apex body which coordinates and promotes sports in the three Services for excellence and upliftment of sports at National and International levels.
