PART V – EVALUATION CRITERIA & PRICE BID ISSUES

1. **Evaluation Criteria.** The broad guidelines for evaluation of Bids will be as follows:-

(a) Only those Bids will be evaluated which are found to be fulfilling all the eligibility and qualifying requirements of the RFP, both technically and commercially.

(b) In respect of Two-Bid system, the technical Bids forwarded by the Bidders will be evaluated first by the Buyer with reference to the technical characteristics of the equipment as mentioned in the RFP. The compliance of Technical Bids would be determined on the basis of the parameters specified in the RFP. The Price Bids of only those Bidders will be opened whose Technical Bids would clear the technical evaluation.

(c) The Lowest Bid will be decided upon the lowest price quoted by the particular Bidder as per the Price Format given at Para 12 below. All taxes and duties (including those for which exemption certificates are issued) quoted by the Bidders will be considered. The ultimate cost to the Buyer would be the deciding factor for ranking of Bids.

(d) The Bidders are required to spell out the rates of Customs duty, Excise duty, VAT, Service Tax, etc in unambiguous terms; otherwise their offers will be loaded with the maximum rates of duties and taxes for the purpose of comparison of prices. If reimbursement of Customs duty / Excise Duty / VAT is intended as extra, over the quoted prices, the Bidder must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and final and no claim on account of such duties will be entailed after the opening of tenders. If a Bidder chooses to quote a price inclusive of any duty and does not confirm inclusive of such duty so included is firm and final, he should clearly indicate the rate of such duty and quantum of excise duty included in the price. Failure to do so may result in ignoring of such offers summarily. If a Bidder is exempted from payment of Customs duty / Excise Duty / VAT duty upto any value of supplies from them, they should clearly state that no excise duty will be charged by them up to the limit of exemption which they may have. If any concession is available in regard to rate/quantum of Customs duty / Excise Duty / VAT, it should be brought out clearly. Stipulations like, excise duty was presently not applicable but the same will be charged if it becomes leviable later on, will not be accepted unless in such cases it is clearly stated by a Bidder that excise duty will not be charged by him even if the same becomes applicable later on. In respect of the Bidders who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of excise duty which is normally applicable on the item in question for the purpose of comparing their prices with other Bidders. The same logic applies to Customs duty and VAT also.

(Signature of Buyer)

(e) If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.

(f) The Lowest Acceptable Bid will be considered further for placement of contract / Supply Order after complete clarification and price negotiations as decided by the Buyer. The Buyer will have the right to award contracts to different Bidders for being lowest in particular items. The Buyer also reserves the right to do Apportionment of Quantity, if it is convinced that Lowest Bidder is not in a position to supply full quantity in stipulated time.

(g) Any other criteria as applicable to suit a particular case.

2. On finalization of contract, SSCB would place order as on required basis, however firms should be able to supply at short notice. On issuance of supply order, the firm is to supply within 10 days at any given point of time.

3. Average quantity needed for each item is given in the list. However quantity mentioned is only tentative. Quantity may vary according to actual need. If required, the vendor should be able to replace / exchange the sizes of kit at short notice.

Determination of L-1 Firms

4. The bidder shall have to quote price for single piece of each item.

5. Samples of each sport good shall be submitted along with the tender.

6. During technical negotiations, the Technical Board/Committee will see the samples of the items tendered for assessing the quality/specifications. All tenderers are to bring a sample of items quoted. Samples of L1 firms will be retained with SSCB till placement of order/finalization of the contract for comparison with items supplied eventually and the rest will be returned. Vendors are to suitably pack their samples in a transparent cover for easy reference and tag it appropriately and prominently with the description of the item and the vendor's name. Samples of items supplied in pairs are to be restricted to one only e.g. in case of shoes, only left or right shoe is to be provided as sample.

7. Average quantity needed for each item is given in the list. However quantity mentioned is only tentative. Quantity may vary according to actual need. The supply order will be placed on requirement basis throughout the financial year. The bidder shall be able to supply items at short notice.

8. The bidder shall have to agree that the rate shall be valid up to 31 Mar 2015.

9. **Each page of the tender should be signed by the tenderer and name & designation should be mentioned in block letters.** Individual signing must indicate whether he is the sole Proprietor/Partner of the firm/constituted attorney of the firm. A person signing the tender on behalf of another shall be deemed to have an authority to bind other person (s) for present and future.
